2020-2021

The Group **TALUX®** (Brand **ESTEX®** dedicated to the Working world and brand **RYWAN®** dedicated to the Sport world) has recently signed a contract with the company **DuPont™**, owner of the brand **KEVLAR®**, making it the first licensed European for socks.

- The fiber **KEVLAR®** is used at the wearing points of socks, the heel and toes, to improve the resistance to abrasion and therefore increasing their lifespan.
- Five products, including one for women, are already available in stock and other models are currently in development.

NOÈNE TMS

Prevents MSD
(Muscle-skeletal disorders)
Cut to size insole from 35 to 50

SWISS MADE
UNDER ISO 9001 & 14001

Features

- ✚ Shockproof and vibration proof
- ✚ Medical Device Class 1
- ✚ Each step releases a shockwave that propagates from the heel to the neck, all along the bone chain! Thanks to a revolutionary vibro-absorbent material, over 98% of this shockwave disperses in the NOÈNE® insoles and doesn't even reach your heel! Extremely thin and lightweight, NOÈNE® soles will surprise you with their amazing efficiency, and protect you day after day...

INSOLES FOR BOOTS & WORK BOOTS

Ref. 7 764

INSOLES BOTTES & BRODEQUINS

Insulates from the cold

37/38 - 39/40 - 41/42 - 43/44 - 45/46

Features

- ✚ Sanitized® Antibacterial treatment

The sanitized® treatment prevents germs installed in textiles to get food from their environment, making bacteria and fungi no longer able proliferate. Even after many uses, the Sanitized® treated product retains all its properties and gives it hygienic freshness and reliable and durable protection. The rubber-spraying technique gives this sole excellent anti-slip and humidity evacuation.

Ref. 7 760

INSOLES DERMACTIVE

Reconstructed leather

35/36 - 37/38 - 39/40 - 41/42 - 43/44
45/46 - 47/48

Features

- ✚ Sanitized® Antibacterial treatment

The « Dermactive » insole, made with leather fiber on latex enriched with activated charcoal neutralizes odor while providing comfort and hygiene. The sanitized® treatment prevents germs installed in textiles to get food from their environment, making bacteria and fungi no longer able proliferate. Even after many uses, the Sanitized® treated product retains all its properties and gives it hygienic freshness and reliable and durable protection. Active biocidal substance: zinc pyrithone.

Ref. 7 768

INSOLES MOLLETON

Comfort due to the duffle

37/38 - 39/40 - 41/42 - 43/44 - 45/46

Features

- ✚ Insulating, cushions the walk

Insulating due to the thick fleece on honey-combed latex for a soft comfort. Small volume in the shoe.
Manual: Slide the insole in the shoe, fleece side on top. For a longer product lifetime, remove the soles from your shoes after each use.

Ref. 7 765

INSOLES PURE LAINE VIERGE

Comfort and natural warmth

35/36 - 37/38 - 39/40 - 41/42 - 43/44 - 45/46

Features

- ✚ Comfort and warmth of virgin wool

Virgin wool ensures natural comfort and high quality warmth. It is also the certainty of a natural product. The honeycomb latex impregnated activated carbon enhances comfort by its flexibility and fights against bad smells.

Since 1985 RYWAN, as precursor, takes the sock out of its banality to make it a product in its own right. The conception of the models, the research of new knitting methods, new materials, of an environmental approach as well as the improvement of our products constitutes the heart of our job, centering our organization around it.

Today RYWAN is offering you a complete collection of technical socks and accessories for the well-being of your feet.

All the concepts of our models are done in France with the help of athletes and professionals to then be fabricated in the Italian factories.

- Design creation
- Samples development
- Constant research for new materials
 - Keeping up with new technological developments
 - Tests in real conditions

Hiking - Walking *Warm climates*

When temperatures exceed 23°, the foot wicks away more than 25 cl of sweat over a day of walking. In parallel, the repetitive motion of walking causes irritation and blisters. The sock has an essential role. It has to eliminate sweat and heat, protect from friction, and permanently ensure the best climatic comfort.

Hiking - Walking *Temperate climates*

A collection of socks designed for the most demanding hikers. Ideal for long hikes in plains, or mid-altitude mountains. The socks' high technicity is due to the mix of the materials used and to their sophisticated knit, completely adapted to breathable membrane shoes. The "Know-how" of Rywan.

EKITERM®

- 100% EFFECTIVE
- WITHOUT ANY CHEMICAL PRODUCTS NOR ADDITIVES
- PROTECTS AGAINST ALL TYPES OF MOSQUITOS
- PERMANENT PROTECTION WITHOUT LIMITS

- Tested in France, in an independent laboratory, following the OMS norms (Worldwide Health Organisation - WHO/HTM/NT WHOPES/2009.4).
 - 10 courageous testers were exposed during 5 minutes each to the threetypes of mosquitos present on this planet
 - 6000 females starved of blood for 12 hours prior to the experiment
 - 1548 landings and attempts to bite
- RESULT: ZERO MOSQUITO BITES! 100% EFFECTIVE!

Walk *Leisures*

Products reserved for occasional walkers and hikers looking for immediate comfort, robustness, and who appreciates the technicity of these socks, both simple to use and sophisticated in their fabrication.
